Depending on how good your dental health is in your initial appointment, your dentist will decide which plan is needed to maintain your dental health.

How do these appointments help you?

Dental health examinations provide:

- Clinical examination to catch developing problems early
- Checking for signs of oral cancer for early detection
- X-rays where clinically necessary for an in-depth examination of your oral health.

Hygiene appointments provide:

- Professional removal of harmful hard plaque
- Advice and techniques – we work with you to prevent tooth decay and gum disease
- Fresher breath and a brighter smile for improved self-esteem.

This results in the complete package to maintain your oral health. We strongly recommend joining to help reduce the risk of dental problems in the future.
